

Health System Transformation

Breakfast with the Chiefs – June 6, 2013

Helen Angus

Associate Deputy Minister, MOHLTC

The Need for Change

Historic levels of 6% investment are not sustainable

The cost of care for a senior is three times higher than for the average person

5% of the population account for 66% of costs

Challenges require leadership and cooperation

The Opportunity

- Health care is overflowing with opportunities for reform
- Providers and organizations in the system are ready for change and eager to contribute
- Technological advances
- Robust body of evidence

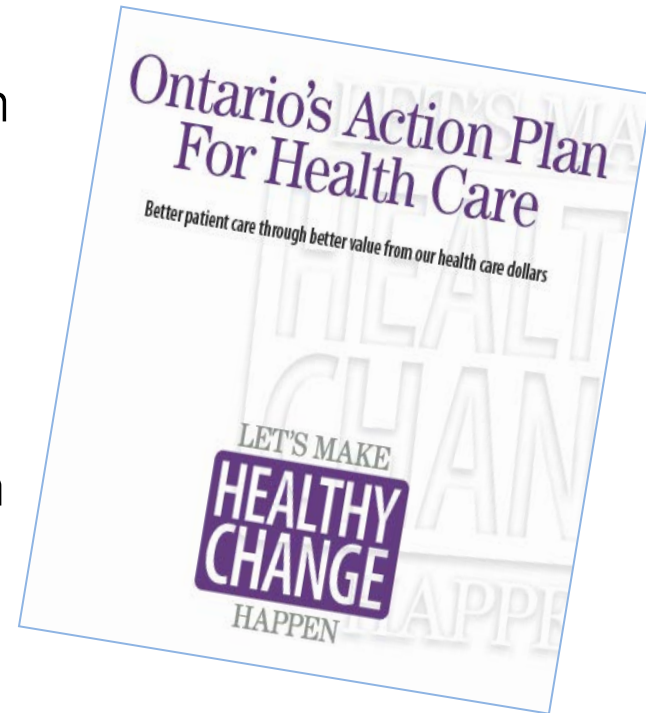

Our Vision

To make Ontario the healthiest place in North America to grow up and grow old

A system focused on wellness

Faster access to family health care that serves as the hub of their health care system

Better integration and accountability

Transforming the System

Funding Reform

Integration &
Execution

Delivery Streams

Wellness & Prevention

Initiatives

Patient-based payment
Labour agreements

Health Links
Primary Care Reform
Mental Health &
Addictions Strategy
EMRs

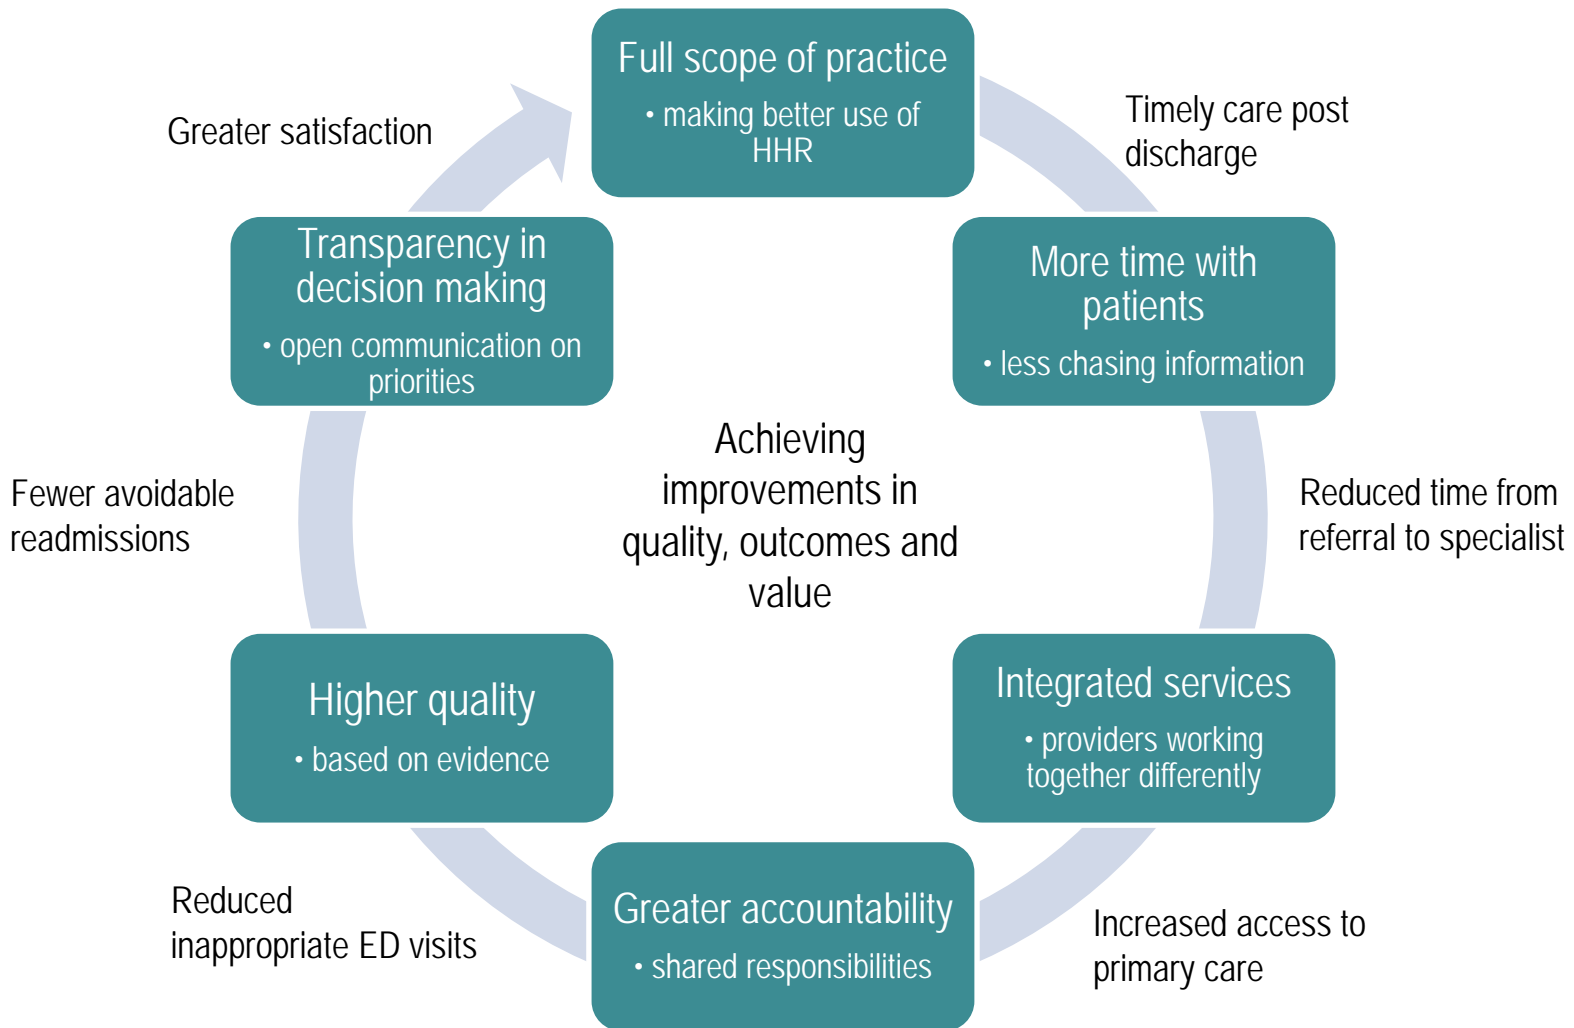

Community Clinics
Scope of Practice
Seniors Strategy
Long-Term Care Homes &
Community Use

Healthy Kids
Smoke-Free Ontario
Public Health Strategy

Principles

- Evidence Based
- Standardization
- Access
- Appropriateness
- Co-design
- Innovation
- Quality
- Productivity
- Competition
- Safety

What Transformation Will Mean for the System

Transformation Secretariat - Moving the System Forward

The Transformation Secretariat is responsible for energizing and mobilizing changes in the Ontario health care system.

Provincially driven objectives and locally driven solutions, support collaboration, efficient use of resources and better system utilization

Our mandate includes:

- Leadership and shared accountability for transformation results
- Alignment of Ministry and system assets to support transformation
- Reporting on transformation-related measures
- Identification and management of risks
- Transformation-related internal and external communication

Making Community Health Links Happen

Health Links: Partnering Around Patients

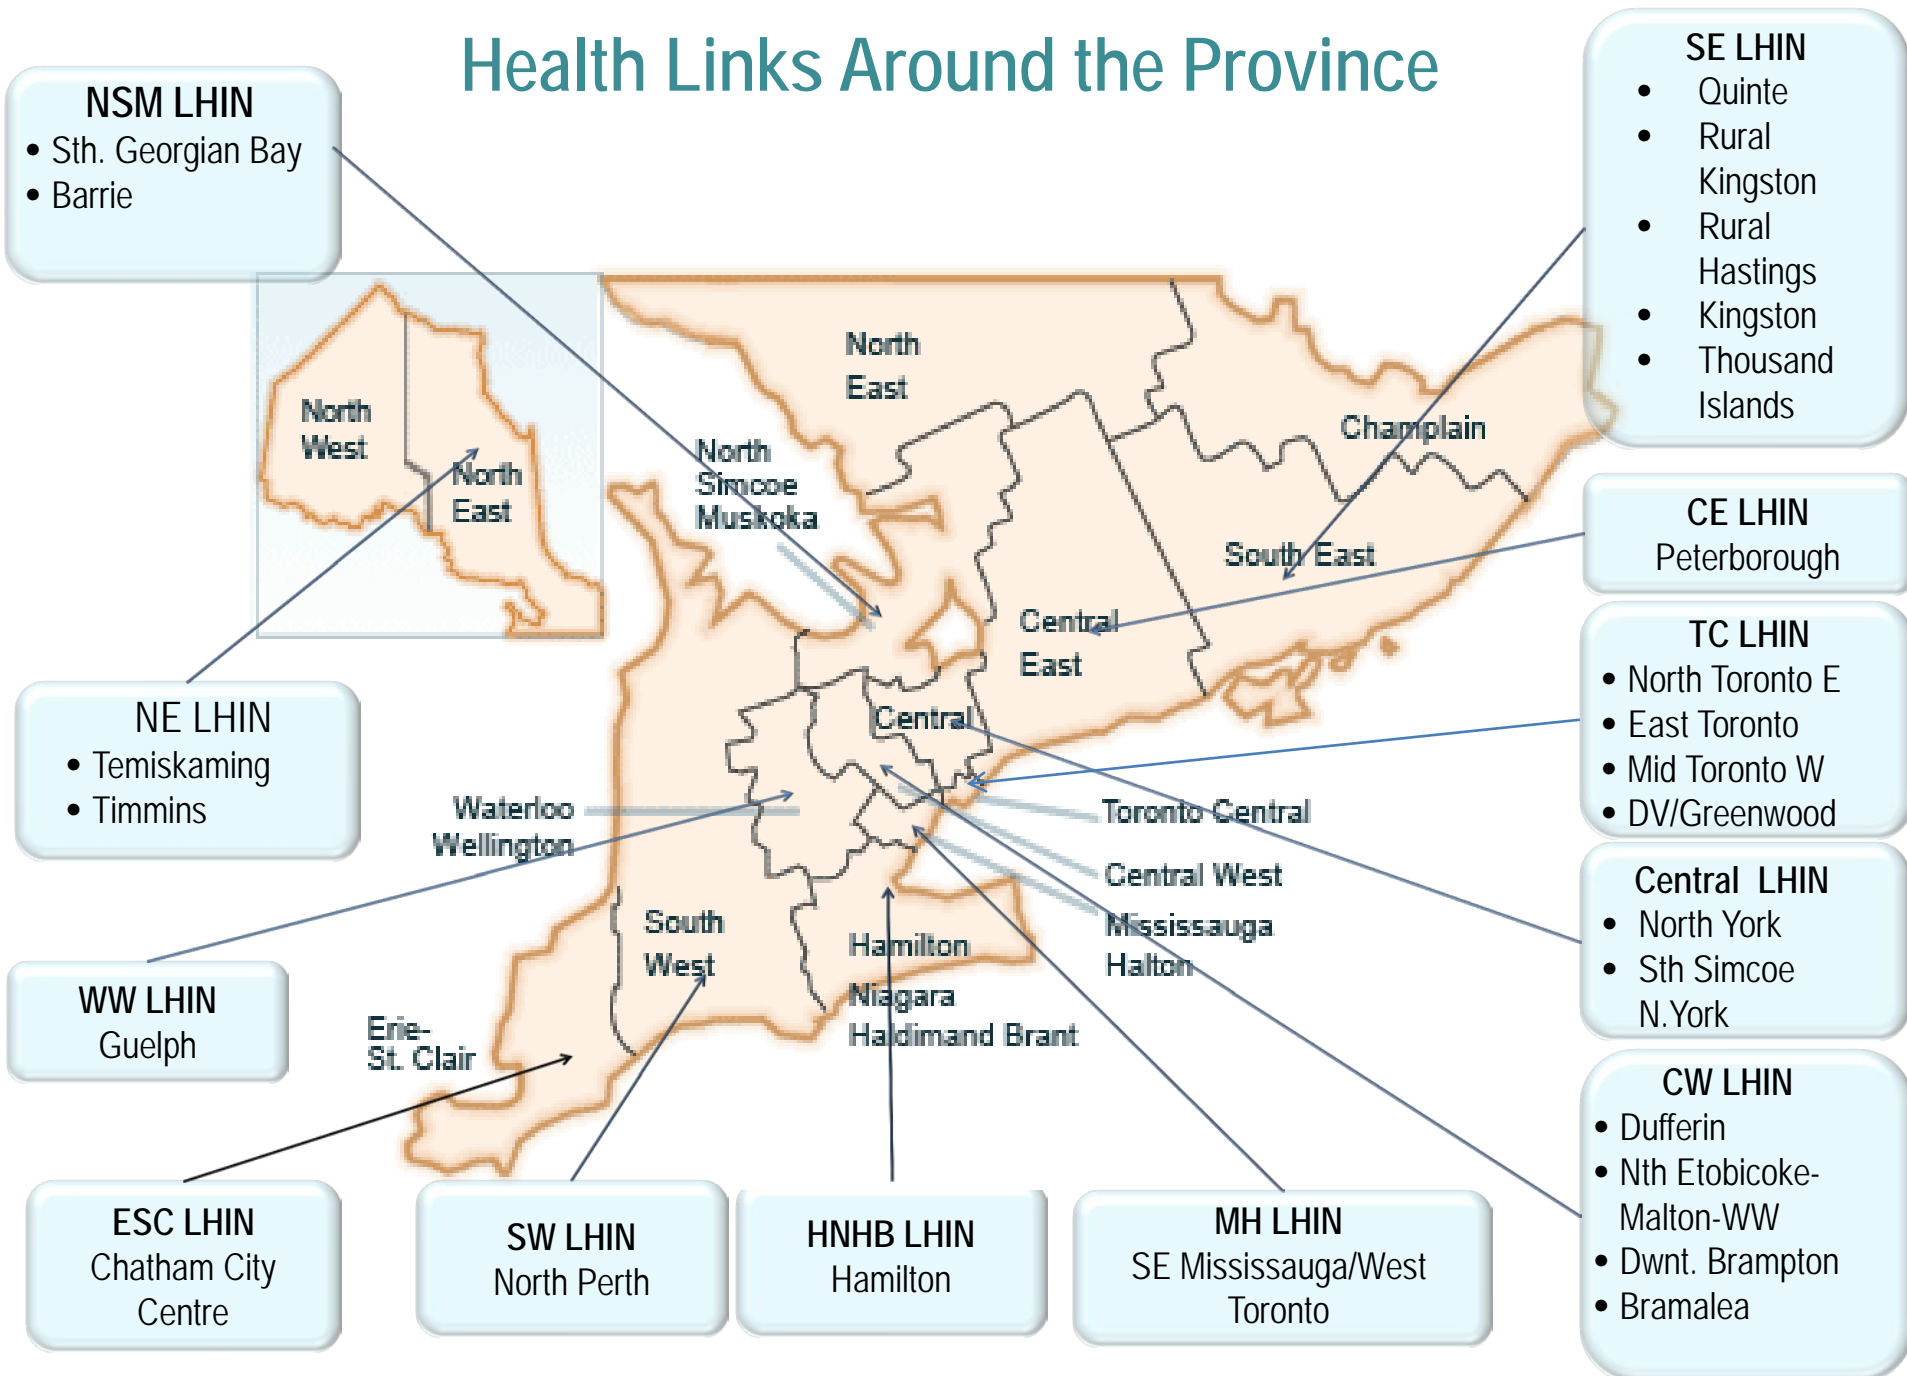

- New model of care at the clinical level where all providers - including primary care, hospital, community care - are charged with coordinating plans at the patient level
- Initial focus on improving patient care and outcomes for people with complex health conditions (high users), while delivering better value for investment

Mandatory Requirements

- Minimum population of 50,000
- Includes health care providers in the care of patients with complex needs
- Ability to identify and track high use/high need population
- Minimum of 65% of primary care providers in the region

Health Links Around the Province

A Broad Coalition & Diverse Leadership

25 Health Links providing care to more than **one million people**, through the co-operation of hospitals, primary care groups and community service providers

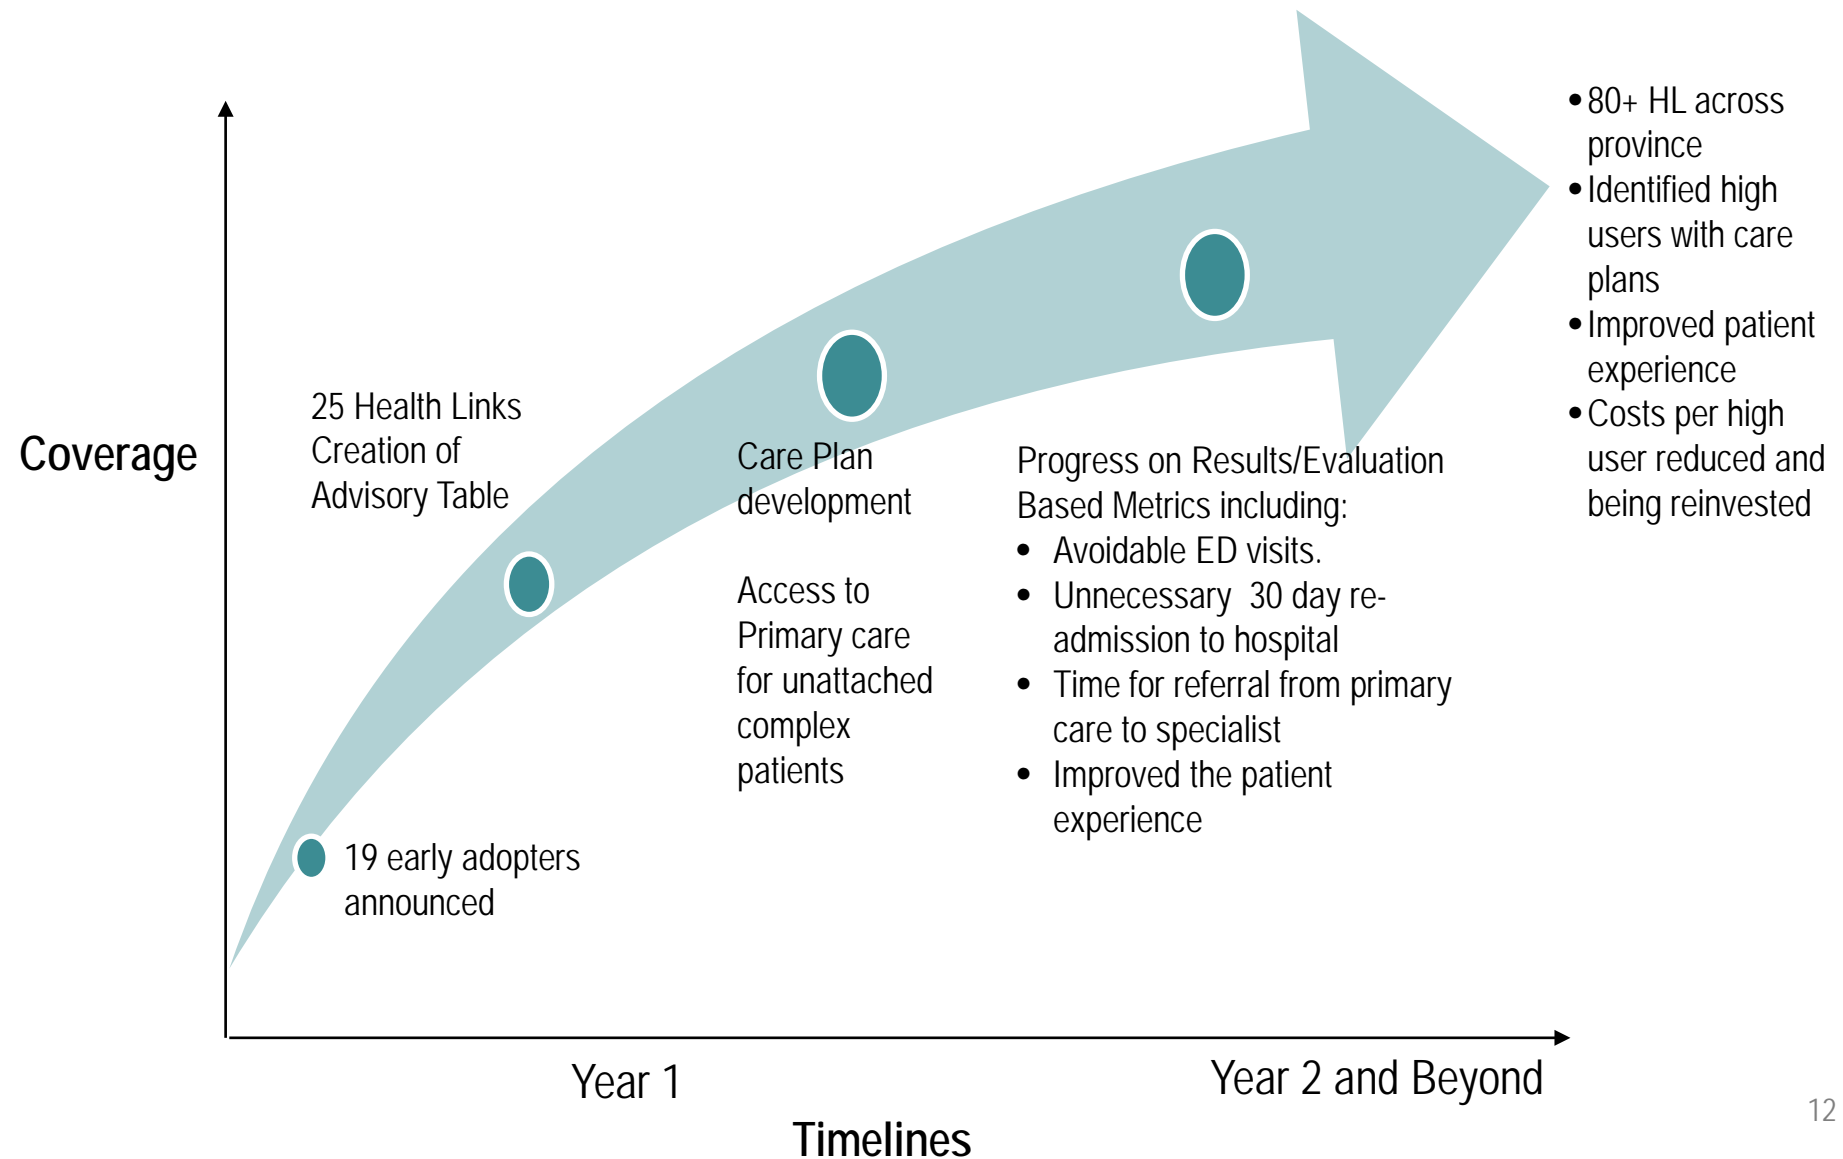

Cross section of coordinators

7 Hospitals
2 CCACs
11 primary care (FHT/FHO)
4 CHCs
1 Community Services Organization

Cross section of partners

Mental Health Agencies
Public Health Units
Food Banks
Emergency Medical Services
Educational Providers
Community and Social Service Providers
Long Term Care Facilities
Police Services

The Health Links Journey

The Transformation Secretariat is providing change leadership and support for transformation

TRANSFORMING ONTARIO'S HEALTH CARE SYSTEM

Ontario's Action Plan for Health Care
The goal is to make Ontario the healthiest place in North America to grow up and grow old.

Funding reform based on patient needs and highest quality care
Funding follows the patient - ensuring the highest quality and most appropriate care for each and every patient.

LET'S MAKE **HEALTHY CHANGE** HAPPEN
